1. Introduction

This document outlines the various Service Requests by end users and the Standard Operating Processes to be followed by the support personnel at Support Request Level 1.

In all the request send to L2 or L3, SPOC @ Chennai should be kept in the mail.

In all the mail send to the user dept from L1, respective SPOC should be kept in the mail like State Co-Ordinator.

2. Level-1 (L1) Support Request

2.1 OTP not received / generated

Service Request	User reports that he/she does not receive OTP during password change / reset process, setting / changing profile password, etc.
Details Required	1. Portal Name / URL 2. Login ID 3. Mobile Number / Email ID
Steps to be followed	1. Check whether the user has provided all the details required. If not, get them from the user 2. Ask the user to try again after some time 3. If issue persists, then forward the issue to L2 to check further details

2.2 DSC list is empty during enrollment / Login button not visible during login

Issue	User reports that he/she is not getting certificate list during DSC enrollment. Or user is not getting login button during second factor authentication
Details Required	1. Screenshot of Site Compatibility page
Steps to be followed	1 Check whether user is using any unsupported browser 2 Check whether automatic updates in Firefox and java are disabled 3 Confirm whether the user has installed DSC drivers are installed in the system 4 Check whether the DSC validity has not expired 5 Ask the user to wait for 24 hours after purchasing the DSC before enrolling in the system

2.3 Company Name Change

Issue	User reports that he/she wants to update the name of company
Details Required	1. Portal Name / URL 2. Login ID 3. Old name of Company 4. New name of Company
Steps to be followed	1. Check whether the user has provided all the details required. If not, get them from the user 2. If it is a simple case of spelling mistake, then no other additional documents are required. 3. If there is a drastic change in company name, then get the following supporting documents from user for both the existing name and the new / proposed name. i. Request in company letterhead with seal and signature ii. Copy of PAN iii. Copy of GST (if applicable) iv. Copy of RoC document v. Letter /Mail from the competent authority of the Nodal Agency or State coordinator (in case of states). 1. Forward the above details to L2 for further process
